... अतीत की परछाियाँ ...

Mahabharat is an epic which portrays the full spectrum of human life - its ambitions, its aspirations and its inevitable frustrations. You see it all - Extreme anguish and extreme generosity, extreme vengeance and extreme empathy, extreme frustration and extreme peace. All the characters are at the end of their respective lives... The war over... They are compelled to look back and introspect...The victory suddenly becomes worthless and futile... the defeat equally meaningless...!
