Exploring Silence

Conceived and Choreographed by SHAMA BHATE

Nishabda Bheda

Exploring Silence

Silence... It makes you weary, but it is reticent as well...

At times it is harmonious to your thoughts, innermost feelings, even to your very being...

One is constantly exploring the 'Silence' within... Sometimes knowingly but at times without being conscious of it!

Trying to seek balance, striving for solace...

Wanting to touch something which is intangible, but omnipresent... prodding the depths of the human mind.

1534, Tilak Road, Leela Chambers, Sadashiv Peth, Pune 411030, Maharashtra, India.
